

Curriculum Intent for Geography:

At Sheerhatch Primary school, we recognise the importance of Geography to inspire our pupils' curiosity of the world and the plants, animals and people within it.

Implementation:

Teachers use a variety of teaching and learning styles in their Geography lessons to develop pupils' knowledge, skills and understanding in Geography.

At Sheerhatch we believe children learn best when:

- They go on visits to museums and places of interest
- They have access to secondary sources such as books and photographs
- Visitors talk about personal experiences of the world around them
- They undertake fieldwork in the local area
- They are shown, or use independently, resources from the internet and videos
- They are able to use non-fiction books for research
- They are provided with opportunities to work independently or collaboratively.
