### Grammar

translation	We translate ideas and meaning, not always word for word eg. 'J'ai 8 ans' is 'I have 8 years', whereas in English we say 'I am 8 years old'
accents	Accents over certain letters can sometimes show where spelling has changed over history. The circumflex accent (like the â in château) often shows that there was once an 's' on the word, like there is in the English word castle.
